The following is an examiner's statement of reasons for allowance: The remarks in the appeal brief filed on 5-12-4 are persuasive. In particular, the prior art does not teach the claimed invention as a whole, including the area of said interior surface of said window being less than the area of said first surface of said image sensor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
